MEMORANDUM

Date: December 8, 2022

To: Delta Stewardship Councilmembers

From: Jessica R. Pearson, Executive Officer

Subject: Upcoming Council Meeting – December 15, 2022

This month's meeting will feature the Delta Science Program's newly developed and soon-to-be released online Delta Science Tracker. Mario Manzo, Deputy Manager of the U.S. Bureau of Reclamation's Bay-Delta office, will join Council staff for the presentation on this comprehensive web-based inventory of scientific research and monitoring activities in the Sacramento-San Joaquin Delta.

We will also hear Michael George's final Delta Watermaster update. Mr. George will discuss the current priorities of his office and provide an overview of progress and lessons learned during his eight years serving in this position. The State Water Resources Control Board and Council are in the late stages of appointing Mr. George's successor as Delta Watermaster.

Additionally, my Executive Officer report will include brief updates on the Council's environmental justice efforts and our Delta Levees Investments Strategy Rulemaking schedule.

If I can answer any questions or provide any other information before the meeting, please contact me at (916) 445-4500 or jessica.pearson@deltacouncil.ca.gov.
