## MEMORANDUM

Date: January 19, 2023  
To: Delta Stewardship Councilmembers  
From: Jessica R. Pearson, Executive Officer  
Subject: Upcoming Council Meeting – January 26, 2023

---

Happy New Year! This month's meeting will reflect on the Council's accomplishments in 2022. The Council 2022 Annual Report will be presented by staff in a new format intended to increase engagement and accessibility. Council Planning and Performance staff will present an annual update on the Delta Plan performance measures highlighting key data, annual updates, and progress. Delta Science Program staff will follow by presenting updates on two major scientific synthesis efforts and share how these projects support the advancement of our understanding of the Bay-Delta.

We will also receive updates from several agencies this month. First, from our sister agencies, Campbell Ingram, executive officer of the Sacramento-San Joaquin Delta Conservancy, and Bruce Blodgett, the executive director of the Delta Protection Commission, will each provide an update on their respective agency's activities.

The Department of Water Resources and Delta Conveyance Design and Construction Authority will provide the Council with an update on the progress of the Delta Conveyance Project. A reminder that the Council recently submitted a comment letter on the project, and it is included in this month's meeting materials.

Lastly, Kris Tjernell, Deputy Director of Integrated Watershed Management for the Department of Water Resources (DWR), and Charlotte Biggs, DWR's Program Manager for Habitat Restoration and Multi-Benefit Flood Improvement Projects, will provide an update on the Department's habitat-restoration activities within the Delta.
