(669) 900-6833

Webinar ID: **895 4773 9162**

Passcode: **771660**

Webcast:

The meeting will be broadcast and archived on [Cal-Span](#).

The agenda items listed below may be considered in a different order pursuant to the chair's determination. Any times listed on the agenda are approximate only. At the discretion of the Committee, all items appearing on this agenda, whether expressly listed for action, may be deliberated upon and may be subject to action.

Public Comment: Information for providing comments is at the end of this notice. Public comment may be limited to three minutes per person.

1. Welcome and Introductions

Committee members will have the opportunity to share relevant updates with other Delta Plan Interagency Implementation Committee (DPIIC) members and to comment on the summary of the October 18, 2021 DPIIC meeting.

2. Collaboration Across the Estuary

Moderated by San Francisco Bay Conservation and Development Commission Executive Director Larry Goldzband and featuring San Francisco Estuary Partnership Executive Director Caitlin Sweeney, this item will provide an

overview of the draft updated Estuary Blueprint and highlight projects that both implement the Delta Plan and have cross-estuary connections.

Panelists:

- Laurel Larsen, Delta Lead Scientist
- Moises Moreno-Rivera, Assistant Secretary for Equity and Environmental Justice, California Natural Resources Agency
- Campbell Ingram, Executive Officer, Sacramento-San Joaquin Delta Conservancy
- Letitia Grenier, Program Director and Senior Scientist, San Francisco Estuary Institute

3. Delta Restoration: DPIIC Restoration Subcommittee

Endorsed at the October 2021 DPIIC meeting, the DPIIC Restoration Subcommittee supports implementation of the broad, landscape scale changes identified in the draft Delta Plan Chapter 4 Amendment as necessary to restore ecosystem functions in the Delta and Suisun Marsh. Delta Conservancy Executive Officer Campbell Ingram and Delta Stewardship Council Deputy Executive Officer for Planning Jeff Henderson will report on initial outcomes and seek endorsement of a subcommittee vision and priorities.

Committee Action: The Committee will be asked to endorse a subcommittee vision and priorities.

4. Delta Science: Salinity Management

Delta Lead Scientist Laurel Larsen and Delta Science Program, Program Manager Karen Kayfetz, will present the motivation behind and strategy for a series of salinity management workshops. The workshops will begin a collaborative visioning process for salinity management in the face of sea level rise and extended drought conditions and will include a scenario development exercise.

Committee Discussion: 1) Are there particular climate impacts or salinity management scenarios that you would like workshop participants to consider; and 2) What efforts is your agency currently engaged in that might be synergistic with the workshop?

5. Delta Plan Performance Measures: 2021 Year in Review

Change in the Sacramento-San Joaquin Delta is a constant, gradual, and multi-faceted process. Detecting change, however, can be difficult if you are not

routinely looking for it. Delta Stewardship Council Program Manager Martina Koller will summarize the significant changes observed by the scientists who measured the effectiveness of management actions in the Delta throughout 2021, the second driest year on record in California.

6. Closing Remarks and Committee Business

Committee members will have the opportunity to reflect on the meeting and propose topics for upcoming meetings.

7. Public Comment

ADJOURN

- Additional information regarding DPIIC can be found on the Delta Stewardship Council's website at www.deltacouncil.ca.gov.
- Members of the public shall be provided an opportunity to address the Committee on any agenda item (except closed session items). Comments during the public comment period shall be limited to matters within DPIIC's jurisdiction. Reasonable time limits may be established for public comments (Government Code Section 11125.7). Your comments are important to each member of the Committee and staff.
- Members of the public interested in providing comments should join the meeting via Zoom and contact the Committee Clerk at engage@deltacouncil.ca.gov, or call (916) 798-9817, provide their name and remain on the line. When called on by the Committee Chair, Zoom attendees and telephone callers will be unmuted and able to provide oral comments.
- All written comments will be distributed to the members and posted to the DPIIC's website alongside the meeting materials on the DPIIC meeting web page. Written comments received by mail or email by noon the day before a Committee meeting will be distributed to members in advance of the meeting and posted online before the meeting. Written comments received after noon the day before a Committee meeting will be distributed to the members and posted online with the meeting materials as soon as possible.
- If you need accommodations, have technical issues, or have any

questions, please contact the Public Participation Office at engage@deltacouncil.ca.gov or call (916) 798-9817. In addition, Telecommunications Device for the Deaf (TDD) is available by calling (800) 735-2929.
