

## Notice of Public Webinar 2021 Delta Science Proposal Solicitation

Wednesday, December 2, 2020, 9:00 a.m. to 10:00 a.m. Pacific Standard Time

The Delta Science Program (DSP) will hold the first of two online public webinars for the 2021 Delta Science Proposal Solicitation (Solicitation). The purpose of these two webinars is to review the application requirements and to answer any questions from prospective applicants. The Delta Stewardship Council and U.S. Bureau of Reclamation anticipate awarding up to \$9 million for high-quality scientific studies that advance the Science Action Agenda and the Sacramento River Science Partnership priorities.

This workshop is optional and not required as part of the application process. The workshop will be recorded and posted on California Sea Grant's website, in addition to a Frequently Asked Questions document.

The Solicitation, webinar information, and additional resources are available on California Sea Grant's website (<https://caseagrant.ucsd.edu/grants-and-funding/2021-delta-science-awards>) and the Delta Science Program's website (<https://deltacouncil.ca.gov/delta-science-program/delta-science-proposal-solicitations>).

### WHEN:

Wednesday, December 2, 2020, 9:00 a.m. to 10:00 a.m. Pacific Standard Time

### AGENDA:

- I. Solicitation overview
  - a. Solicitation focus and project types
  - b. Eligibility
  - c. Proposal requirements
  - d. Timeline
- II. Applying through eSeaGrant: Letter of Intent and Full Proposal
- III. Q&A session: DSP to answer questions on the application process (Note: DSP cannot assist in the development of individual projects)

**Please register [here](#) for the webinar. Registration will be open until the webinar begins.**
