Subject: Submittal of Response to Comments for Tidal Wetland Mercury Science Panel Review

Mr. Pulupa,

In April 2020, in final fulfillment of the requirements of the Delta Mercury Control Program (DMCP), the Department of Water Resources (DWR) submitted a final report, Mercury Imports and Exports of Four Tidal Wetlands in the Sacramento-San Joaquin Delta, Yolo Bypass, and Suisun Marsh for DMCP compliance. The report was reviewed by an Independent Science Panel and DWR is including our Response to Comments and will email staff additional data.
