

The Science Enterprise Workshop: Supporting & Implementing Collaborative Science

A two-day workshop to better understand how collaborative science is being managed, funded, and communicated in several high-profile ecosystems around the country. [Register here.](#)

NOVEMBER 1, 2016: 8:30 am – 5:30 pm

UC DAVIS, ARC BALLROOM A

Comparison of Science Enterprises - Regional Programs

The workshop will start with regional program overviews, allowing for comparisons across key topics such as: history and executive guidance, restoration vision, management structure and organization, key resource and management issues, major funding initiatives, emerging science tools, and communications for each regional program.

8:00	Registration (coffee and pastries provided)	
8:30	Welcome and Introduction	Randy Fiorini (Delta Stewardship Council)
8:45	Workshop Overview	Mike Chotkowski (USGS)
9:00	Coastal Louisiana	Denise Reed (Water Institute of the Gulf)
9:45	Puget Sound	Bill Labiosa (USGS), Scott Redman (Puget Sound Partnership)
10:30	Break	
10:45	Chesapeake Bay	Scott Phillips (USGS)
11:30	Florida Everglades	Nick Aumen (USGS)
12:15	Lunch (provided)	
1:30	Great Lakes	Jon Hortness (USGS)
2:15	California Bay-Delta	Ted Sommer (DWR), Josh Collins (SFEI)
3:00	Break (refreshments provided)	
3:15	Outcomes from the 2013 Puget Sound Science Enterprise Workshop on Role of Science in Ecosystem Recovery	Joel Baker (University of Washington)
3:30	Science Enterprise Q&A Panel	Tracy Collier (Delta ISB)
5:00	Day 1 Wrap-Up and Adjourn	Mike Chotkowski (USGS), Jessica Law (Delta Stewardship Council)
5:30	Reception to follow (cash bar)	

NOVEMBER 2, 2016: 8:30 am – 5:00 pm

UC DAVIS, ARC BALLROOM A

Collaborative Science Management, Governance, and Funding

The second day will feature comparative discussions on common challenges and opportunities that often arise in the management of science enterprises, including: science strategies, governance and adaptive management, funding and resource allocation, and legitimacy, co-production, and communication.

8:00	Registration (coffee and pastries provided)	
8:30	Day 2 Kickoff	Mike Chotkowski
8:45	<u>Panel #1: Science Strategies in Large Programs</u>	
	Presentation: International Examples of Effective Science Strategies (Cliff Dahm)	
	Panelists: Nick Aumen, Steve Brandt, Cliff Dahm, Steve Lindley, Scott Phillips, Denise Reed (Facilitator: Jay Lund)	
10:15	Break	
10:30	<u>Panel #2: Governance and Adaptive Management</u>	
	Presentation: Impact of Regulations on Science (David Wegner)	
	Panelists: Jon Hortness, Jayantha Obeysekera, Richard Roos-Collins, Paul Souza, David Wegner, Carl Wilcox (Facilitator: Jessica Law)	
12:00	Lunch (provided)	
1:30	<u>Panel #3: Funding and Resource Allocation</u>	
	Presentation: Program Development and Resource Allocation Related to the Gulf Coast Ecosystem Restoration Council (Alyssa Dausman)	
	Panelists: Mike Chotkowski, Alyssa Dausman, Peter Goodwin, Stephanie Johnson, Scott Phillips, Denise Reed, Lisa Wainger (Facilitator: Erin Foresman)	
3:00	Break (refreshments provided)	
3:15	<u>Panel #4: Legitimacy, Co-Production, and Communication</u>	
	Presentation: Perceptions of Science in the SF Bay Area (Mark Lubell)	
	Credible Science in a Complex World (Denise Lach)	
	Panelists: Nick Aumen, Ken Currens, Denise Lach, Mark Lubell, Jayantha Obeysekera, David Wegner (Facilitator: Rainer Hoenicke)	
4:45	Conclusions and Next Steps	Jessica Law, Cliff Dahm
5:00	Adjourn
