

SEPT 2023

Agenda Item: 12

Delta Independent Science Board Update

Dr. Tom Holzer, Board Member

**Delta
Independent
Science Board**

Delta Independent Science Board

Active Reviews

1. Managing subsided lands in the Sacramento-San Joaquin Delta
 - **Focus is on management of water in the Delta landscape to “stabilize” the land**
 - Workshop October 19/20 at the Westin Sacramento
2. Exploring scientific and management implications of upper trophic level interactions in Delta food webs
 - **Focus is on understanding of the upper food web and how it affects multiple fish species abundance and interactions**
 - Workshop November 8/9
3. Science supporting decision-making under deep uncertainty
 - **Focus is on increasing the capacity to anticipate and adapt to increasing major uncertainty of future conditions in the Bay-Delta system**

Workshop Agenda (October 19-20) **Managing Subsidized Lands in the Sacramento-San Joaquin Delta**

Panel 1: October 19 (9:00 AM-12:00 PM)

- Overview of current land inundation practices and experiments

Panel 2: October 19 (1:30 PM -4:00 PM)

- Biogeochemistry of carbon sequestration and greenhouse gas emissions in peat soils

Panel 3: October 20 (9:00 AM-12:00 PM)

- Considerations for inundated agricultural practice

Panel 4: October 20 (1:30-4:30 PM)

- Science needs to inform landscape-scale implications of peat soils inundation
