# State Budget Outlook

- Last DoF Update, GF revenue up 5% to date
  - Caveat: Based on lower 2021 refunds, 2022 receipts weak overall
- LAO Projects \$24 Billion Budget Shortfall
- Assembly Budget Blueprint
  - Use balance sheet to continue key investments...including drought resiliency
  - Re-evaluate timing of one-time expenditures
  - Use reserves as intended
  - Evaluate inflation cost
- Governor's Initial Budget expected around January 10
  - May Revise
  - Adoption by June 30, 2023

H.D. Palmer  
@HDatFinance

October revenues \$7 billion over month's forecast; up nearly \$2.3 billion for year to date. BUT: apparent spike due to lower-than-expected 2021 refunds, not 2022 revenue strength. Receipts post-Budget Act continue ongoing decline. Details here: [dof.ca.gov/wp-content/upl...](https://dof.ca.gov/wp-content/upl...)

Asm Phil Ting ✓  
@AsmPhilTing

We have spent a decade preparing for revenue shortfalls & CA is prepared to weather future economic downturns while still prioritizing the gains that we have made.

**Summary:** The California Safe Drinking Water Act provides for the operation of public water systems and imposes on the State Water Resources Control Board various duties and responsibilities for the regulation and control of drinking water in the state, including, among other things, overseeing the issuance and enforcement of public water system permits, as provided. Current law authorizes specified works of improvement for the control, conservation, and utilization of destructive flood waters and the reclamation and protection of lands that are susceptible to overflow by flood waters. This bill would express the intent of the Legislature to enact subsequent legislation to expedite the regulatory permitting process for water supply and flood risk reduction projects, as provided.
