

Seminar Series:

DECISION-MAKING UNDER DEEP UNCERTAINTY

Date: April 26, 2023

Time: 12:00 PM – 1:00 PM

Alice Hill, Council on Foreign Relations

The Delta ISB, with support from the Delta Science Program, is hosting a seminar series to explore concepts from decision-making under deep uncertainty and present tools that can help managers and stakeholders evaluate and plan for a wide range of plausible futures in the Sacramento-San Joaquin Delta. Experts will speak on sources of and approaches for managing uncertainties and incorporating human behavior in anticipatory planning efforts.

Alice Hill, the David M. Rubenstein senior fellow for energy and the environment at the Council on Foreign Relations, will kick off the seminar series in April. She will provide an overview of the challenges and benefits of planning for extreme events, as well as effective ways to organize government entities around these issues. [Register to attend via Zoom.](#)

Seminars will take place during [Delta ISB meetings](#) throughout the year.
