From: Jessica R. Pearson, Executive Officer

Subject: Upcoming Council Meeting – July 24, 2025

At this month's meeting, Delta Lead Scientist Dr. Lisamarie Windham-Myers will report on the search to fill current and upcoming vacancies on the Delta Independent Science Board and provide recommendations for Council consideration and potential action. Council staff will provide an overview and explainer of the Council's appeal process for certifications of consistency with the Delta Plan. The Council will also receive an overview of the Sacramento Area Council of Government's (SACOG) Metropolitan Transportation Plan/Sustainable Communities Strategy, the 2025 Blueprint, an update to the transportation investment and land use strategy designed to achieve regional greenhouse gas emission reduction targets. Pursuant to the Delta Reform Act, Metropolitan Planning Organizations developing regional transportation plans that include land within the primary or secondary zones of the Delta must consult with the Delta Stewardship Council early in the planning process and ensure their plans are consistent with the Delta Plan.

I'm looking forward to the meeting! If I can answer any questions or provide any other information in advance of the meeting, please contact me at (916) 445-5511 or jessica.pearson@deltacouncil.ca.gov.
