

# 2023 Delta ISB Food Webs Workshop Poster Session – Call for Abstracts

**Abstracts due: October 23, 2023**

**Greetings Delta Science Community:**  
**NOW OPEN! Call for Poster Abstracts!**

**The Delta Independent Science Board (Delta ISB) is soliciting abstracts for poster presentations for their food-webs workshop, which will be held in Sacramento, CA on November 8-9, 2023.** The workshop will help identify the science, data, and modeling required to develop a set of tools that can be applied to understand the potential response of upper trophic species to management actions and multi-species interactions in the evolving Sacramento-San Joaquin Delta system. For more information, see the [save-the-date flyer](#) and [prospectus](#).

All Delta ISB poster abstract submissions must include:

- Author(s) full names and affiliations, including phone and email address
- Title
- Abstract, in 300 words or less
- Identify presenting author

**The deadline for poster abstracts is October 23, 2023.**

Due to space considerations, we are limiting submissions to one poster per primary author. Submit poster abstracts to the Delta ISB ([disb@deltacouncil.ca.gov](mailto:disb@deltacouncil.ca.gov)) with the subject line: Food Webs Workshop Poster Submission - "Presenting Author Name Here." More information will be provided via email in the acceptance notification which can be expected by **October 26**. However, for planning purposes posters should be no bigger than 48 inches tall by 46 inches wide.

Any questions regarding the workshop or poster session can be directed to [disb@deltacouncil.ca.gov](mailto:disb@deltacouncil.ca.gov)
