

Seminar Series:

# Decision-Making Under Deep Uncertainty

Wednesday, June 14, 2023 1:00 PM – 2:30 PM

Location: Virtual via Zoom and in person at the California Natural Resources Building (715 P Street, Sacramento, CA, 95814 - Room 2-302)

The Delta ISB, with support from the Delta Science Program, is hosting a seminar series to explore ideas from decision-making under deep uncertainty and present tools that can help managers and stakeholders evaluate and plan for a range of plausible futures in the Sacramento-San Joaquin Delta.

In the series' second seminar, **Robert Lempert**, principal researcher at the RAND Corporation and director of the Frederick S. Pardee Center for Longer Range Global Policy and the Future Human Condition, will present examples of successful applications of tools for decision-making under deep uncertainty. **Andrew Schwarz**, the State Water Project climate action coordinator for the CA Department of Water Resources, will present on his department's use of decision-making under deep uncertainty.

Register to attend via [Zoom](#) or [in person](#).

Seminars will take place during [Delta ISB meetings](#) throughout the year.
