

Notice of Public Webinar 2021 Delta Science Proposal Solicitation

The Delta Science Program (DSP) will hold the second of two online public webinars for the 2021 Delta Science Proposal Solicitation (Solicitation). The purpose of these two webinars is to review the application requirements and to answer questions from prospective applicants. The Delta Stewardship Council and U.S. Bureau of Reclamation anticipate awarding up to \$9 million for high-quality scientific studies that advance the Science Action Agenda and the Sacramento River Science Partnership priorities.

This workshop is optional and not required as part of the application process. The workshop will be recorded and posted afterwards on California Sea Grant's website, in addition to an updated Frequently Asked Questions document.

The Solicitation, webinar information, and additional resources are available on California Sea Grant's website (<https://caseagrant.ucsd.edu/grants-and-funding/2021-delta-science-awards>) and the Delta Science Program's website (<https://deltacouncil.ca.gov/delta-science-program/delta-science-proposal-solicitations>).
