Integrated Modeling Framework Workshop

One Delta, One Science, One Modeling Framework

February 28 & March 1, 2023
#DeltaModelingFramework

9:00 AM - 4:00 PM
Hybrid - Zoom

Location: CNRA Building Room 2-302 (2nd Floor)
715 P St, Sacramento, CA and Zoom

Event Details:

The Delta Science Program is hosting a two-day hybrid workshop to discuss the next steps in developing a modeling framework and virtual collaborative center to integrate science, data, and models to better tackle environmental management challenges in the Sacramento-San Joaquin Delta. The workshop will explore case studies, share success stories from other systems, and include presentations, panel discussions, and breakout groups. The outcomes of the workshop will include strategies for implementing the framework and virtual collaborative modeling center.
